

# Bumper

AB-BS-Customized

ATOMBOTIX

## Safe and Reliable

Resistant to oil, flame retardant, waterproof, and explosion-proof

## Flexible in shape

Supports customization of any shape and size

## Sensitively triggered

Can trigger obstacle avoidance with just 8N force

## Rich in craftsmanship

Advanced craftsmanship is independently developed, with a wide range of specifications to meet

	AB-BS-Customized
Triggering Force Value	8-25 N
Trigger Distance	2-5 mm
Sheating Material	EPDM / HTV / TPE
Color	Black/Other color
Withstand Voltage	≤36 V
Receiving Current	≤30 mA
Nominal Voltage	12V 24V
Working Temperature	-35 + 85°
Hits	20,000 times
Wire Length	xxxx mm
